#### WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

#### **PREFACE**

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (II) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

#### SUMMARY

Leningrad Army Barracks Dranishki is located 5 kilometers (km) east of Levashovo and 15 km north of Leningrad (Figure 1).

The facility is secured, covers approximately 220 acres, and contains 5 probable barracks, 3 probable administration buildings, 3 possible messhalls, 13 vehicle/equipment storage buildings, 2 probable vehicle/equipment maintenance buildings, 13 general storage buildings, and 64 miscellaneous support build-

ings (Figures 2 and 3). Possible underground ammunition storage is indicated by 4 entrances into the hillside.

KFYHOLE missions of interpretable photography covered the installation between No significant change was observed. Target mosaics compiled from photography show the facility present during Warld War II. Many of the major buildings were present at that time.

#### DESCRIPTION OF INSTALLATION

#### Railroad Service

The Leningrad-Levashovo double track railroad is 2 km west.

#### Road Service

Primary and secondary roads serve the area.

#### Aircraft Landing Strips

Five airfields are within 18 km of the installation.

#### Administration and Troop Housing Areas

Area D1 is fenced and contains 2 probable multistory barracks, 3 probable multistory U-shaped administration buildings, 3 probable general storage buildings, and 16 support buildings.

Area D2 contains 3 probable multistory barracks, 3 possible messhalls, and 5 miscellaneous support buildings.

#### General Storage Areas

Area El contains 9 general storage buildings.

Area  $\pm 2$  contains 1 general storage building and 2 support buildings.

#### Ammunition Storage Area

Area F, a possible underground ammunition storage area, contains 2 support buildings. Four entrances are cut into the hillside and a surfaced road serves the facility.

#### POL Storage Area

is located 3.8 km northwest.

#### Other Buildings

the H costains 5 miscellaneous support buildings within a star-shaped kremlin or old fortress which is surrounded by a ditch and internal tree line. Twenty-two miscellaneous support buildings are scattered throughout the area.

#### Equipment Storage/Maintenance Area

Area J cortains eleven 200- by 55-foot vehicle/equipment storage buildings, two 110-by 55-foot probable vehicle/equipment storage buildings, two 180- by 80-foot probable vehicle/equipment maintenance buildings, and 12 miscerlanous support buildings.

#### Athletic Field

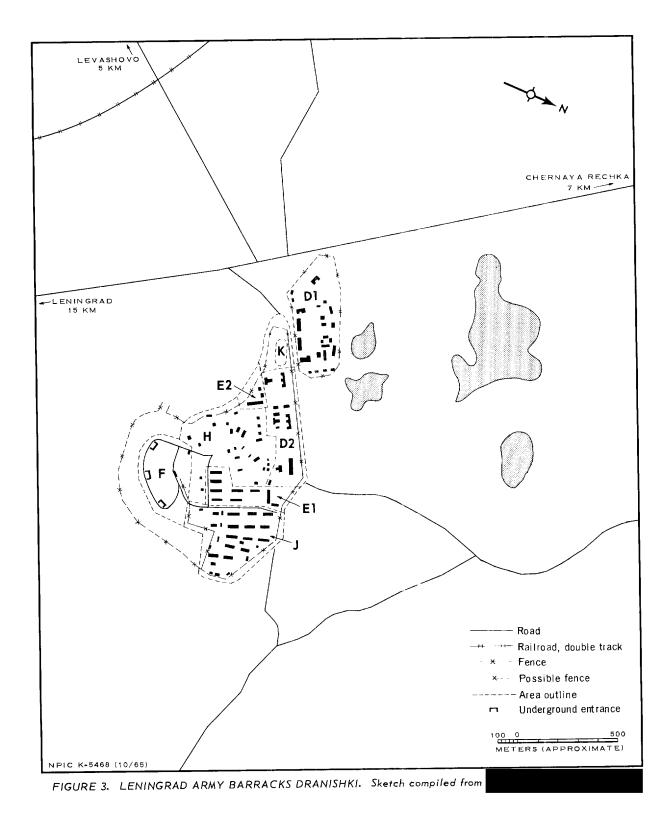

Area K is an athletic field.
